Hi Nikki,  
Here is the revised table. The only examples I didn't pull from our old list were the ones that don't have any managers reports or plans (i.e. new designations) that we just pulled directly from the proclamation. I double checked and they had the same ones listed.

Thanks! Let me know if there is anything else!  
Best,

Rachel

This just has the statement at the end of each cell, but doesn't actually have the ROV's from the previous spreadsheet listed?

Hi Nikki,

Please see the attached spreadsheet for adding language regarding resources, objects, and values. I also added National Monument to a couple of the units in the Name of Monument column because a couple were missing. Let me know if you would like me to make additional edits!

Best,

Rachel
